A CHAMPIONSHIP COURSE FOR ALL AGES & ABILITIES

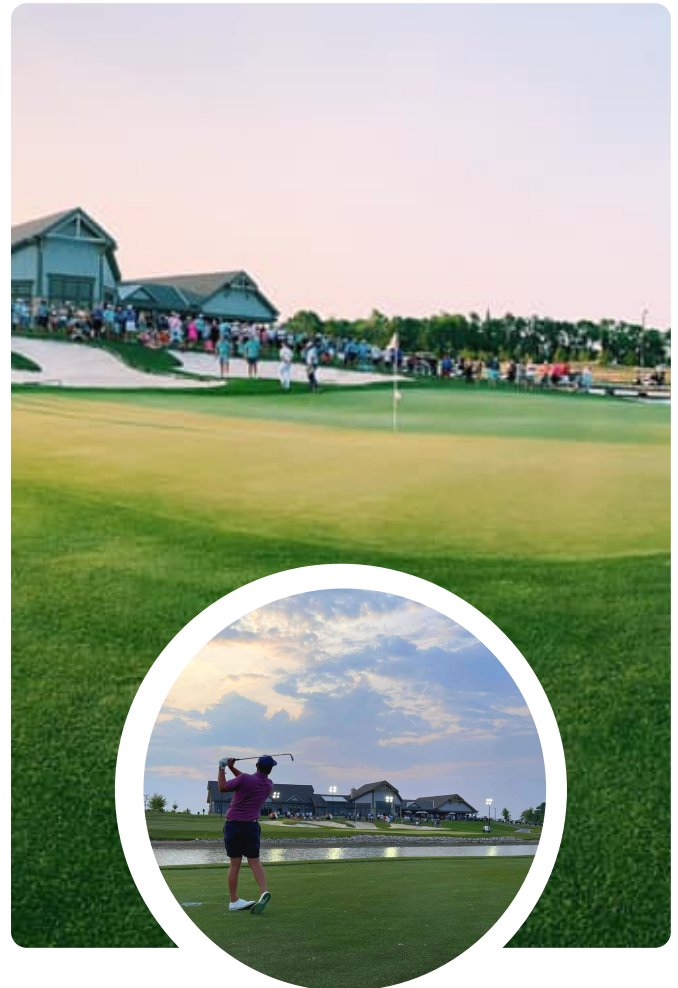

GOLF

Golf at Oxbow maximizes the opportunity for friendly competition, camaraderie, family-bonding and personal improvement.

The fully renovated golf course (2019) designed by Robert Trent Jones, Jr., is as gorgeous to view as it is to play. It is beautifully and subtly designed, featuring gorgeous prairie views and striking bluegrass and fescues. Accents such as Ohio's Best bunker sand and concrete paths throughout the course ensure that the new Oxbow is the most impressive course in the region.

Seven different teeing grounds makes the course accessible for players at all skill levels. However, the golf course is a fun challenge for the scratch golfer, with the championship tees playing at over 7,400 yards.

The game of golf has been made infinitely more exciting at Oxbow, while maintaining a course that has playability for all ages.

Oxbow members enjoy unlimited use of Oxbow's state-of-the-art practice facility. The main tee driving range features six target greens, as well as a practice bunker. The second practice area features a smaller driving tee, as well as a short game practice area. Over 11,000 square feet of practice putting greens complete the practice facility.

SOMETHING FOR EVERYONE

An active field of ladies and gentlemen meet weekly (Tuesdays) for tournament play. Ladies and Mens events are planned on Wednesday evenings and Thursdays, respectively. We offer a more social style couple's golf opportunity Friday nights. To keep it interesting, live music and theme nights are also held throughout the season in conjunction with couples' golf.

Oxbow members love to play competitive golf! Member tournaments are held an average of once per month in various formats. If you're looking for a competitive playing atmosphere, there is no shortage of ways to challenge yourself and get in the game!

As a family-oriented club, Oxbow continues to have a successful junior golf program. The main goal of Oxbow's junior golf program is to introduce juniors to the game in both a fun and interesting manner so they will gain an interest in the game. We feel it's important for juniors learning the game to develop the proper fundamentals and building blocks in the short game, long game, rules and etiquette when they are young so they can improve with age.

Our members also have access to our TrackMan simulators. Coming the Fall of 2022 will be 2 BRAND NEW simulators where world-famous courses appear in simply stunning detail. The gameplay is unbelievably smooth, all your club and ball data is shown with unerring, pinpoint accuracy. So if you think you know what simulator golf can do, think again.

A TRULY EXCEPTIONAL EXPERIENCE EVERYTIME
