Notes: First off, I want to apologize. While typing the Sheriff's report for May, I noticed that I used May's report last month. That would explain why the CFS only went up until the 11th. With that being said, I am using the same Sheriffs notes and have added the rest of the CFS that occurred in May. As for all the CFS in April, there were a few traffic stops (1 citation, 1 warning) and a building / residential check. Thank you for understanding.
